Whether your customers appreciate spiritual art, follow a meditation practice, are yoga enthusiasts, or are simply seekers on the path of life, they will love Mandala Soaps. Choose from 10 delightful-fragranced soaps, each presented in a clear, plastic case with a full-color mandala design embedded in the soap (\$6, 8 oz.). These oversized bars of biodegradable vegetable glycerin soap have the appearance of stained glass as the light plays off the artwork. Once the soap has been consumed, the reusable mandala disk can be displayed on a glass surface or mirror or placed in a frame. Customers can give or get two gifts in one! The add-on acrylic Mandala Soap Easel (\$6, 4" x 3.75") can be used to display the soaps as the beautiful and meaningful art that they are.
